APPOMATTOX SCHOOLS START SEPT. 2nd.

Everyone is getting ready for the first big event of the Fall Season, the opening of the Schools on September 2. It is a great day in every family where children are enrolling for the first time, and it is a big week in the community life of Appomattox, as we join hands in welcoming teachers and pupils back for another Session.

Right now we want to impress upon each teacher and pupil that you are welcome in Appomattox. We bespeak for you a happy and profitable year. There is no easy road to knowledge, and we appreciate the hard work that goes into the making of a successful school Session.

Appomattox is justly proud of it's school facilities. Rapid progress has been made in recent years in building a modern education plant. The sacrifice of the tax-payers is more than justified as the schools do their work of training our future citizens.

Schools are not something to be taken for granted. Education is a major enterprise. The businessman, the farmer, the worker all have a part in sustaining the educational effort.

When you patronize home businesses, you are supporting your schools and all your local institutions. Community progress is a team effort. Local business and local payrolls look to graduates for employees. We know the value of good training, and we know that schools are trying to prepare our young people for a major role in our community. We who serve you today were the students of yesterday.

So, here's a salute to the opening of schools. Call on us to serve you and do come to see us!

In connection with the opening of schools, we remind you that we have no children to spare: won't you drive with extra care, especialiy when so many precious children are using our highways and streets.

School bells will be ringing again almost before you know it. Time for you to get your youngsters all prepared. You're sure to find whatever they need right here . . . and at thrifty prices, too.

We Welcome Teachers and Students Back For Another SESSION!!!!
